

FLORA AT SIX SIGMA RANCH

August and September 2021

Welcome to the Ranch! We hope you'll have fun watching, identifying and photographing wildflowers.

After the driest year on record, the flower show of 2021 is a bit more subtle than most years. Still, there's a hidden beauty just waiting to be discovered.

Narrow Tarplant – *Holocarpha virgata*

We kindly ask you to stay on the roads and trails. Please do not pick the flowers, but leave them for the next visitor to enjoy, and for next year's seed. Thank you!

Poison Oak
Leaves of three,
let them be!
